

Engage DPO packages: where each package fits

A named DPO, notified to the supervisory authority, on every package.

DPO Foundation

You lead. We guide, review, and help.

BEST FOR

Seed to Series A, one product, one main market in the EU or UK

USUALLY BECAUSE

A customer, investor, or SOC 2 / ISO audit needs a named DPO

YOUR DATA

Standard customer data; AI in your tools, not your product

A TYPICAL MONTH

A few light questions and sign-offs

HOW WE WORK

Quarterly check-in calls

DPO Partner

We work alongside you.

BEST FOR

Series A to C, growing into new countries or bigger customers

USUALLY BECAUSE

Enterprise questionnaires and DPAs, new markets, or a past incident

YOUR DATA

Sensitive data (health, children, financial) or AI at the core

A TYPICAL MONTH

Regular requests and deeper reviews of vendors, features, and questionnaires

HOW WE WORK

Quarterly risk committee check-ins, monthly workshops, and a quarterly leadership report

DPO Complete

We lead it day to day. You make the calls.

BEST FOR

Large or multi-brand companies, enterprise sales, big contracts

USUALLY BECAUSE

Complex or large deals that hinge on privacy, M&A, or you want privacy completely handled for you

YOUR DATA

Regulated or high-volume data, high-risk AI, several entities

A TYPICAL MONTH

An ongoing workstream: program, backlog, and customer reviews

HOW WE WORK

Embedded in your team, day to day, with as-needed syncs, monthly workshops, quarterly risk committee check-ins, and a quarterly leadership report

Tier can change as your needs change. [Book a call](#)
